At this month's TnT, we'll spend our time together discussing how to use results from conducting a needs analysis to develop learner-centered objectives and activities. We'll also discuss use of these learning objectives as the basis for conducting post-session evaluation.

Welcome New Members

The following professionals have joined ASTD-SCWC in the last month:

- Laura Steele, Independent Living, Inc.
- Molly Tull, Wisconsin Physicians Service

We extend to each of you a warm welcome!

Volunteer Opportunities Have Never Been Better!

We had an excellent turn out and lots of fun at our fall New Member Orientation and Networking Event. If you missed this event but would still like an opportunity to get more out of your ASTD-SCWC membership by [getting more involved](#), please [contact](#) any board member for information. We have lots of exciting projects coming up, including a new website portal in partnership with national, building membership and lining up 2007 programming based on the ASTD Competency Model. The more you put into your membership, the more you'll get out. Ask any board member about the value of active membership.

Kudos

- To Larry Jones, Margaret Kowalik, and Julie Miller, who all received their TnT Basic Training Certificates! Congratulations!
- Margaret Kowalik, a special student member, will be returning to Poland this fall. We wish her luck and will miss her.
- Check your August T+D Magazine – the last page – for an interview with our own Mary Hoddy! Mary discussed the use of Appreciative Inquiry at the UW Union! Congratulations, Mary!
- Our own Patti Coan is one of the winners of the Microsoft Travel Reimbursements to this year's ASTD Leadership Conference (ALC) in Washington, DC this fall! ASTD held a random drawing for the \$500 travel reimbursements to ALC, and Patti, who responded to an email to enter her name, is one of the winners. Way to go, Patti! These travel reimbursements were made possible through a generous donation from Microsoft.
- A big – huge – thank you to Tamara Hiser and her committee for creating a great opportunity for members, both new and old, to get to know more about each other and our wonderful organization at our fall New Member Orientation and Networking Event. One of their biggest challenges was that the room might be too small because we had such a great turn out! Nice work, ladies.
